

CBSC STAFF REPORT
2004 Annual Cycle Monograph Item 10

PROPOSING STATE AGENCY:

Office of Statewide Health Planning and Development (OSHDP 03/04)

APPLICATION AFFECTED:

Hospital buildings, skilled nursing and intermediate care facilities, licensed clinics, and correctional treatment centers

SUBJECT:

Part 3, 2004 California Electrical Code (CEC), California Code of Regulations.

Changes to the CEC include the following:

- Scoping in Article 89 for skilled nursing facilities as distinct part units within hospitals and as freestanding buildings
- Requirements in Article 517 for isolation room pressure monitoring in correctional treatment centers and hospitals

FINDINGS:

CBSC Code Advisory Committee Comments/Recommendations

CBSC's Plumbing, Electrical, Mechanical, and Energy (PEME CAC) recommended approve as submitted. (See pages 3-7 through 3-9 of the May, 2005 Code Change Monograph, Volume III.)

Public Comment

No comments received

Staff Findings

OSHDP's submittal appears to be compliant with the Administrative Procedure Act and Building Standards Law, although their repetition of previously-submitted information in the Updated Informative Digest and Final Statement of Reasons is confusing. In their updates, the agency could have stated that there was no change.

COMMISSION ACTION:

For efficiency, staff recommends that the Commission act on the uncontested sub-items listed on the matrix in one motion.

The Commission may take any one of the following actions on this item:

- ❖ **Approve**
- ❖ **Disapprove**
- ❖ **Approve as Amend**
- ❖ **Further Study**
